Junior Class Prophecy

It is a beautiful day in May of 1961, just ten years after graduation of the class of '51. It was easy to contact every member to find out what time has done for each one.

Lois Wyatt is now married to Weldon Tyler. They are living in La Vega and are raising children to play in sports against West.

Piggie Clark is now the president and sole owner of the "Spit and Whittle Club" in West after whittling his thirteenth telephone pole to a toothpick.

Mrs. Erwin Hoeldtke (nee Patsy Sealy) has a successful career of modeling in New York.

William Diamond and Sam Pinter are doing very well with a band of their own. They were recently playing at the Waldorf-Astoria.

David Duncan and Tommy H. recently thought they struck oil, but later found out that they had only hit a Gulf Oil underground storage tank.

Virginia C., who is now giving concerts in Carnegie Hall, uses her spare time trying to teach monkeys to play the piano.

Thalia Moore is now married to Cliff Archer, Cliff is making a fortune in a side show charging ten cents to see the fattest woman in the world.

Mary Wilhite, who is a great poet, has recently been awarded the Nobel Prize for her poem, "NEVER DO TODAY WHAT YOU CAN DO TOMORROW."

Peggy Reed and her husband are heads of an orphan's home, and are bringing up their ten children there.

Frankie Sawyer is a famous balancer in the Barnum and Bailey Circus. There are only two things in the world she can't balance and they are her head and her bank account.

Peggy Roth has received and sent back so many engagement rings in this period of time that she no longer has a third finger on her left hand.

Donna Scott was recently voted the laziest woman in the world.

Bobby Kostohryz, who is a great chemist, is unemployed at the present because he has recently destroyed his tenth school building.

Delores H., June Kyle, Glenda King, Louise R., and Dorothy Reiger recently received their A. B. degrees in speech from Baylor.

Harland R., Dennis Schutza, Allen Ray Willis, and Henry Zaplac are track stars at the University of Slow Pokes, and were recently voted the most valuable slow runners in the U. S.

Vance Willis is now modeling evening clothes for Sears and Roebuck.

Anna Vera H., Josephine H., Annie Jane K., Lily Jane M., Gwen Quillian, and Lillie Marie Smith have just won their eightieth game this year in professional basketball.

Doris Bezdek, Maxine Culverhouse, Peggy Haden, Helen Hoeldtke, Lucille Linville, Marcia Uptmore, and Patsy Straton are putting their H. E. practice to good use as housewives.

Jerry Ogles, Velvert Pomykal, Jerry Lee Kendrick, Dan Foreman, and Ismael Almanza have been trying to interest a radio network in their voices.

Betty Drews, Helen Girard, Wilma Roznos, Doris Jean Vrba, and Mary Ann Hutyra are chorus girls in the Rhumba Club in the great city of West.

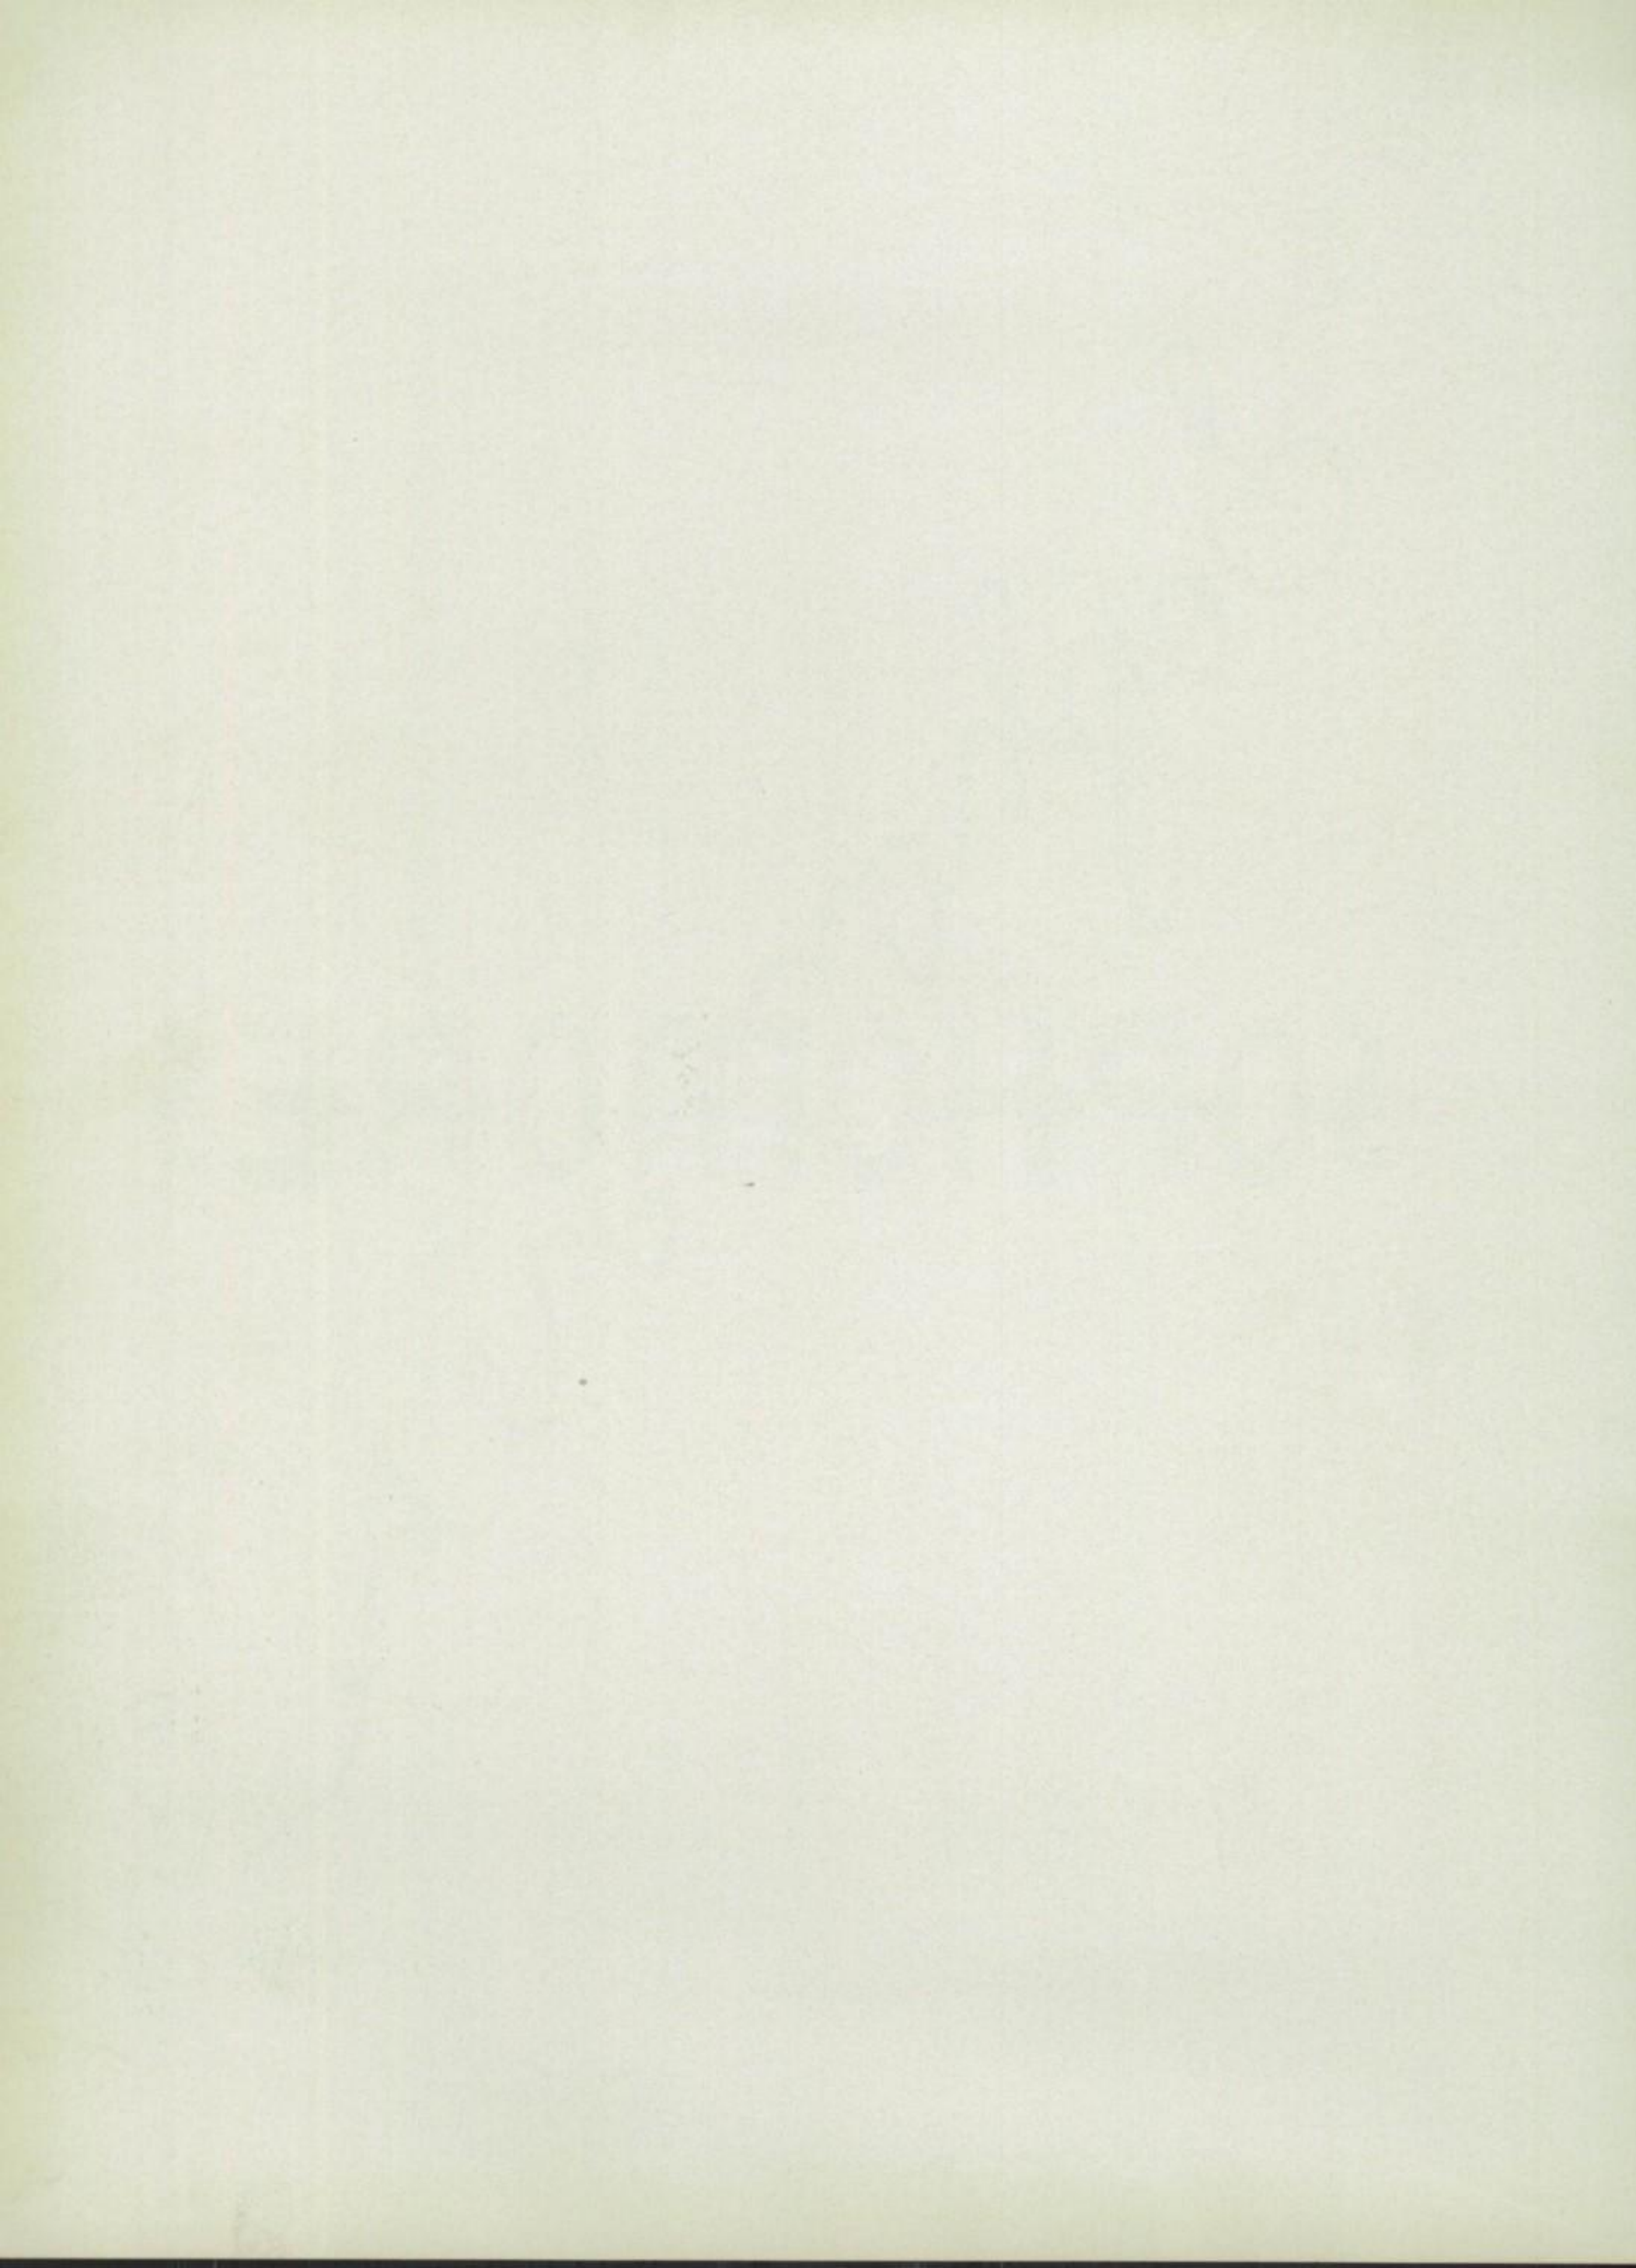

Helen is still having male trouble----after ten years she still can't find one short enough.

Marvin M. now the owner of the Old Corner Drug Store, isn't worried about his married life because of all the pretty soda jerks he has hired.
